3 Session, 22 Legislature

ALBERTA HISTORICAL RESOURCES FOUNDATION

Statement of Purpose and Structure

Created in 1976 under the Historical Resources Act, The Alberta Historical Resources Foundation is an agency of the Crown in right of the Province whose objective it is to assist in the preservation and interpretation of Alberta's heritage. Primarily this is done through the sponsorship of community based heritage initiatives, ranging from restoration of historical buildings, to pioneer cemetery rehabilitation, to research and publications work, to historic marker and plaque projects, to the revitalization of historic Main Streets and heritage districts. However, the Foundation has also been directly involved in the acquisition and restoration of a few endangered heritage buildings, and in the repatriation and stewardship of some notable collections of artifacts.

Financing for the Foundation is received in large part from Alberta Lotteries, although private donations and membership fees also contribute to the organization's work. Technical assistance is provided to the Foundation Board of Directors by the Historical Resources Division of Alberta Culture & Multiculturalism. The Board, which consist of appointed citizens from a number of regions and professional backgrounds, adjudicates grants and develops overall organizational policy within the parameters of its legislated mandate. Major grants reviews are held twice per year, and the Board normally meets approximately six times in year in total. The Foundation also has public members who receive the organization's quarterly publication *The Cornerstone*.

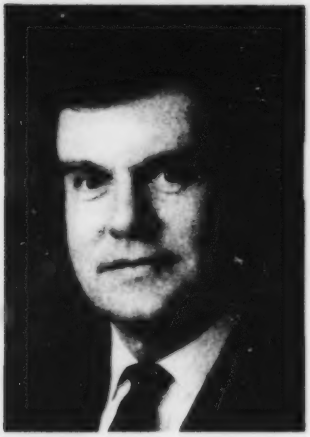
Message from the Minister



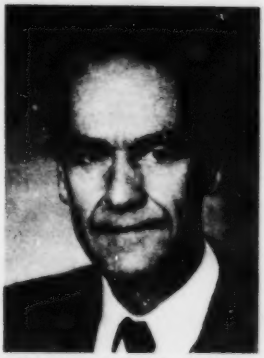
92-05106/

I would first like to extend my gratitude to Mr. Hugh Craig of Fort Macleod, who served so well on the Foundation's Board of Directors since 1983, first as a general member and then as the Chairman from 1987 until July 1989 when his term expired. Mr. Craig has always been viewed as a great gentleman by all who know him, as well as an Albertan deeply committed to the preservation of the province's heritage. It is indeed noteworthy that Hugh received Order of Canada recognition for his many achievements as a great Canadian in 1988. Mr. Charlach Mackintosh of Edmonton was appointed to the challenging position as his replacement as Board Chairman.

It is clear from this report that 1989 has been another very active year for the Alberta Historical Resources Foundation, with local projects funded across the province. It is the sponsorship of these community initiatives where the Foundation demonstrates its greatest strengths, supporting the hard work of committed Albertans who wish to preserve, revitalize, and interpret their colourful heritage at the grass roots level. Often Foundation grants are truly the catalyst that makes these projects possible, providing hard cash to match with in-kind donations, sweat equity, and considerable local finances. Foundation support also helps lend credibility to local initiatives, which can assist in securing aid from other funding bodies and sponsors as well.

I would like to thank the Foundation's Board of Directors, public members, and local project organizers from across the province for their significant advancement of heritage conservation and development in this year.

Doug Main
Minister of Culture & Multiculturalism



Charlach R.D. Mackintosh
Chairman

Chairman's Report

This was a year of great variety for the Foundation that occasionally called for adaptations to many special circumstances. In 1989 new grant commitments were made on over 180 projects amounting to approximately $1 million through our conventional grants programmes, as well as $250,000 to the Historic District Programme, and over $200,000 on the Alberta Main Street Programme. Yet included within this mix were several major one-of-a-kind or first time arrangements to enable some distinctive and important heritage initiatives to occur. Sponsored efforts included 88 historic resource preservation projects, 12 feasibility/planning studies, 19 pioneer cemetery restorations, 16 research projects, 4 professional development endeavours, 13 heritage awareness projects, 15 historical publications and 19 other miscellaneous grants.

For the first time, a broad regional conservation programme was initiated. The Crowsnest Pass Ecomuseum Trust was awarded $500,000 spread over two years, to commence a series of historical restoration, research, and interpretive projects in this beautiful and intriguing corner of our province. On a smaller scale, but also for the first time, a rural authority received funding to stabilize and begin to restore a number of its earlier buildings – $50,000 was committed to the ID of Badlands in the Drumheller Valley. The Foundation also gave $40,000 to the Native Friendship Centre to allow the purchase and preservation of the historic Parson's House in Red Deer, and the Coleman Journal Building was gifted from the Foundation to the Crowsnest Pass Ecomuseum Trust this year. The Dr. George Residence Restoration in Innisfail received substantial support to restore the Alberta's first community museum. Major sponsorship was also given to Project 2005 (a cooperative history project working towards Alberta's Centennial), the Alexander Mackenzie Sea to Sea Expedition, and the Computerization of the Alberta Inventory of Historic Sites. New grants commitments are listed later in this report, as are the actual audited expenditures for the year.

While further information on these projects and many of the other such grants are available in *The Cornerstone*, the quarterly publication of the Alberta Historical Resources Foundation, the key points in this financial report are not only that local projects have been sponsored across the province, but also that this organization has the flexibility to be able to consider individual community and project needs.

Aside from giving, the Foundation also received in 1989. We were fortunate enough to have inherited the McDougall Collection, an extensive assemblage of paintings, ceramics, and furniture – primarily 19th Century European. The bequest came from the late Edmund Howard McDougall (1890-

1988) of Edmonton and the collection was started by his father, Mr. John McDougall an early Edmonton Mayor, an M.L.A., and successful entrepreneur. Much of the art and material were amassed from tradition of the *Grand Tours* of Europe and the Far East taken by more prosperous Canadians early in the century. The value of the collection has been previously estimated at nearly $1 million, and an associated cash bequest of $400,000 was also made to the Foundation. The materials are being conserved, researched, and stored at the Provincial Museum of Alberta, with a view towards future interpretive display.

The Foundation's 1989 Annual Meeting occurred in Lethbridge, held jointly with that of the Historical Society of Alberta. Over two hundred delegates participated, with the Honourable Doug Main – Minister of Culture & Multiculturalism and Dr. Howard Tennant – President of the University of Lethbridge amongst the speakers. A tour was arranged through the Blood Reserve to the town of Cardston for its Main Street Project and Remington Carriage Collection.

I would like to thank Alberta Lotteries for their generous support of this Foundation, and our clients. The $2.85 million provided annually (which includes $700,000 for the Alberta Museums Association and $100,000 for the Alberta Archives Council) is the key to initiating hundreds of these community based heritage projects each year. The technical support given by the Historical Resources Division of Alberta Culture & Multiculturalism is also very much appreciated. In addition, we owe gratitude to the private donors to the Foundation listed later in the report who selflessly gave to Alberta's heritage cause. Yet it is the local community project organizers that deserve our greatest thanks, for it is they who are actually creating and implementing these projects to preserve our heritage.

ALBERTA LEGISLATURE

OFFICE OF THE AUDITOR GENERAL

AUDITOR'S REPORT

To the Directors of The Alberta
Historical Resources Foundation

I have audited the balance sheet of The Alberta Historical Resources Foundation as at March 31, 1991 and the statements of revenue, expenditure and fund balances, reserves, and changes in financial position for the fifteen months then ended. These financial statements are the responsibility of the Foundation's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 1991 and the results of its operations and the changes in its financial position for the fifteen months then ended in accordance with the disclosed basis of accounting as described in Note 2 to the financial statements.

	$2,882,012	$2,246,623

The accompanying notes are part of these financial statements.

Notes to the Financial Statements

December 31, 1989

Note 1 Authority

The Alberta Historical Resources Foundation operates under the authority of the Historical Resources Act, Chapter H-8, Revised Statutes of Alberta 1980, as amended.

Note 2 Significant Accounting Policies and Reporting Practices

(a) General

These financial statements have been prepared in accordance with generally accepted accounting principles except that the cost of historical assets is charged to expenditure on acquisition and shown at cost on the balance sheet as historical assets with the offsetting credit to equity in historical assets. Donations of historical assets are not included in the financial statements.

(b) Fixed Assets

Furniture and equipment are depreciated at the rate of 15% per annum on a straight-line basis.

Note 3 Prior Period Adjustment

The Soderstrom reserve had previously been shown as a restricted fund, but is now reported as a reserve.

Interest income amounting to $2,594, previously shown as contributions and interest in the statement of restricted funds for the year ended December 31, 1988, is now restated as interest revenue. The effect of this restatement has been to increase revenue and decrease the deficit by $2,594 as at December 31, 1988.

Note 4 Main Street Program

In 1987, the Foundation entered into an agreement with the Heritage Canada Foundation and the Department of Culture and Multiculturalism to administer the Alberta Main

Street Program. Only those costs directly attributable to the program have been shown as charged against the program revenue. Other costs have been absorbed by the Foundation.

Note 5 Accommodation

Accommodation costs incurred in the administration of the Foundation have been borne by the General Revenue Fund and are not reflected in these financial statements.

Note 6 Funding Reserve

The Foundation has established a reserve for the purpose of retaining an ongoing funding capability.

Note 7 Donation of Historical Assets

A collection of artwork and historical artifacts was donated to the Foundation during the year. In accordance with the policy stated in Note 2, this collection has not been included in these financial statements. The fair market value of the collection has not been determined at this time, but management estimates its value at $850,000.

Note 8 Commitments

The Foundation had commitments in respect of grants approved but not disbursed where certain conditions were still to be met by the applicants, amounting to:

	1989	1988
Architectural preservation	$ 813,989	$ 493,387
Public awareness	157,059	171,723
Learned societies	12,500	–
	$ 983,548	$ 665,110

The commitments for 1988 have been restated to correct an error in the figures shown in the 1988 financial statements.

Note 9 Comparative Figures

The 1988 figures have been reclassified where necessary to conform to 1989 presentation.

Note 10 Approval of Financial Statements

These financial statements were reviewed by management and a Board member and were recommended for approval by the Board.

Heritage Award Winners For 1989

In the Spring of 1989, the winners of the Alberta Historical Resources Foundation Annual Heritage Awards were announced. These projects were selected from applications from across the province, vetted by a special citizen's committee and decided by the Foundations Board of Directors. The awards are designed to provide special recognition to meritorious projects and people in the heritage community in Alberta.

Architectural Heritage Award

Christie Milton Partnership, Architect and Interior Planners, Calgary

Heritage Site & Resources Award

Dr. Lila Fahlman, Edmonton
Lethbridge Health Unit

Heritage Service Awards (3)

Mary Sandro, Willingdon
